

Boiler plates Plug In Digital, Dear Villagers and PID Games

- English versions -

Global presentation

Plug In Digital is one of the world's **largest independent video game distributors** and helps studios and publishers distribute their games worldwide on **PC, cloud, console & mobile**.

Plug In Digital supports companies like Bandai Namco, Paradox Interactive, Konami, Focus Home Interactive, Raw Fury, Curve Digital, and Nacon, and is a key partner for indie success stories like *Dead Cells*, *Human Fall Flat*, and *Ghost of a Tale*.

Plug In Digital also runs two separate publishing labels: **Dear Villagers**, focused on unique single player experiences like the award-winning *The Forgotten City* and *ScourgeBringer* for PC and console, and **PID Games**, focused on flexible publishing and co-publishing solutions on all platforms that already helped titles such as *Alba: A Wildlife Adventure* and *Paper Beast* excel.

PID GAMES About PID Games

PID Games is the publishing label of **Plug In Digital**, supporting partner studios via custom “a la carte” services based on their actual needs, without any claim on IP. They offer a wide range of services, including late-stage production funding, classic publishing across **multiple platforms** worldwide, and porting and co-publishing on specific platforms. Games with PID Games support include *Alba: A Wildlife Adventure*, *Paper Beast*, and *Ghost of a Tale*.
